

THE ORANGEBURG NEWS IS THE ONLY PAPER PUBLISHED IN ORANGEBURG COUNTY, AND PAYS WEEKLY VISITS TO EVERY HOUSE AND HAMLET IN THE COUNTY.

**SALESMAN.**—Last Monday was sales day and the influx was "tremendous," much property changed hands at fair prices, the public sales amounting to several thousand dollars. The Tax-payers had a crowded meeting, adopted mild resolutions, appointed a committee to wait upon the State Board of Equalization and see if something could be done in the way of lessening the tax, and adjourned subject to a call, if found necessary, by the Committee. The Committee left Wednesday night for Columbia, and returned Thursday night.

The officers to be elected on Monday next for the different Townships are first a Clerk who will be sworn into office by a Magistrate, and will then qualify the others; second, three Selectmen; third, one or more Surveyors, or Road Overseers; fourth, a Constable. The impression is out that there is to be elected also, a Magistrate, and a Moderator, for each Township. This is a mistake.

We have been handed a specimen of the Caterpillar Moth, supposed by the tender, to be the regular Cotton caterpillar. We are glad to say, however, that we have been reliable informed by parties who are perfectly familiar with the cotton caterpillar moth, that this specimen is the common grass caterpillar, and that no danger need be apprehended from it by cotton planters.

**PROFESSOR BRISSENDEN.**—We had the pleasure the other afternoon of visiting the Dancing Room of this gentleman, and were astonished at the proficiency already attained by his pupils. He has a large class of young ladies and misses, and connected therewith a few boys, from 8 to 12 years. They went through the Military Quadrille, Scotch Polka, Spanish and other dances, with an ease and grace, truly astonishing, and which "fixes the fact" that Prof. Brissenden has "made his mark," the pleasurable experience of which "in an old age" will not efface from the hearts, and the tongues of his now, and we hope ever, happy pupils.

The contractor, Mr. E. T. R. Snook, for the bridge over Edisto near Branchville, has, we are informed, commenced it, and the merchants have promised him a big dinner for the benefit of the laborers. We hope the ecstasies of our friend Snook over the prospect of this feast and jubilee, which is held out in final prospective, won't cause him to slight us when the chosen day arrives.

HA! HA! HA!—HE! HE! HE!—HI! HI! HI!—HO! HO! HO!—HU! HU! HU!—HUG!—Shouldn't wonder! Meets on June night, 2.30 after declination.—W. K. W. A. D. hear ye! at the Temple. Govern yourselves accordingly.

We publish an article from the New York Tribune, elsewhere in our paper which we heartily endorse.

We have received—"Lines to Martha"—and have filed it for publication in our next. We will publish it to encourage the young writer. Try again you will do better.

We call attention to the Advertisement of Mr. James Cannon. He announces as having re-opened his Bar at the Cannon House. It will be seen that lawyers are particularly requested not to make it a place of resort.

Mr. D. D. Andley has placed in our office for inspection some fine specimens of oats grown by him. He will have a few bushels of seed oats for sale.

**NEW LAW FIRM.**—We call attention to the card of Messrs DeTreville & Strunk.

**UNPRECEDENTED SUCCESS.**—Within the past year, fifty thousand boxes of Dr. TUTT'S VEGETABLE LIVER PILLS have been sold, and not a single instance is known where they have failed to give satisfaction. If you would enjoy life, have a fine appetite and robust health, use these pills.

**AMES' CIRCUS AND MENAGERIE.** The big advertisement of this great show will attract attention. There will be two exhibitions in our Town on the 25th of June. Our exchanges speak in terms of the highest praise of this Circus and Menagerie. We copy the following from the Atlanta Intelligencer, which is only one among a number of favorable notices which have appeared in that paper.

"We have several times taken occasion to speak of this combination, as far as our information in regard to it would warrant. It spoke eloquently for itself in its parade through the streets yesterday morning. Its street display was as gratifying to public curiosity as its afternoon and evening exhibitions. Col Ames could not be identified with an inferior establishment; his present concern is full of solid and valuable material. His circus performances were most acceptably rendered and graciously received by the hundreds who thronged the canvass. His equestrianism is excellent; Mlle Eugenie performs wonderful feats with the lions; in fact, the entire performance, is a better exhibition of its kind than we have seen since the war, and it stands in the front rank of all the shows. The collection of wild animals attracted a large amount of attention. The whole entertainment passed off pleasantly and agreeably."

Col. Ames has exhibited commendable liberality in the cities of Macon and Atlanta. In the former city he cordially extended an invitation to the visiting Oglethorpe and Scriven Fire Companies, of Savannah, to attend his entertainment. In the latter city he cheerfully donated the entire proceeds of one performance to the Confederate Cemetery.

**BLACKBERRY WINE.**—We publish below the following recipe for making Blackberry Wine, and as they are now in season, and will soon be very plentiful, we would advise all who wish an excellent and valuable medicine for home use to try the following recipe taken from the Southern Planter of 1853:

"To make a wine equal in value to Port, take ripe blackberries or dewberries and press them, let the juice stand thirty-six hours to ferment, skim off whatever rises to the top, then, to every gallon of the juice, add a quart of water and three pounds of sugar, (brown sugar will do) let this stand in open vessels for twenty-four hours, skim and strain it, then barrel it until March, when it should be carefully racked off and bottled."

"Blackberry cordial is made by adding one pound of white sugar to three pounds of ripe blackberries, allowing them to stand for twelve hours, then pressing out the juice, straining it, adding one-third part of spirit, and putting a teaspoonful of finely powdered allspice in every quart of the cordial, it is at once fit for use."

This wine and cordial are very valuable medicines in the treatment of weakness of the stomach and bowels, and are especially valuable in the summer complaints of children.

**ENROLMENT OF THE MILITIA.**—In accordance with orders received from Governor Scott, the Adjutant-General of the State has instructed the census taker of this county to enroll all the citizens of this county between the ages of eighteen and forty-five years. There are two forms for the enrolment, one embracing all between eighteen and thirty years, and the other those between thirty and forty-five years. There is to be no exception whatever in the enrolment, and all who desire exemption are required to apply to the Adjutant-General's office, Columbia. The census taker will begin his duties next week, when he will also take the census.

[FOR THE ORANGEBURG NEWS.]  
ROWES' PUMP, June 9, 1869.

MR. EDITOR:—In your last issue, in announcing the result of the late election for Coroner, you were led into an error, which I would like to correct. I was not a candidate for Coroner. I expressed a willingness amongst a few friends to run, but hearing that Mr. Treadwell was on both the Radical and Republican ticket, I saw the fruitlessness of the effort, a few of my friends, however, voted for me anyhow.

Yours truly,  
T. P. STOKES.

Dr. Cummings says our tribulation is coming which was foretold by the prophet Haggai: "Yet a little while, and I will shake the earth, and the sea, and the dry land." We are in the seventh vial, and "one shock, startling, terrific, and of huge and unprecedented proportions," may be looked for "about this time."

To the Citizens of Orangeburg County.

The committee appointed by the meeting of the citizens at Orangeburg on last Saturday to present their grievances to the Governor of the State would report. That they were received with politeness and listened to with kindness and a promise given to relieve the grievances of the people as far as His Excellency the Governor and State Auditor have it in their power to act. They state that they have no authority according to law to order a re-assessment, but any citizen who will make a showing properly testified to by himself and some good citizen, what the intrinsic value of his property really is, it shall be put at that valuation by the State Auditor, Hon. R. Tomlinson, to whom all applications should be addressed.

It is necessary that this business should be attended to immediately by any one wishing to make the application, as the time for collecting the taxes is at hand. They stated that the valuation in Orangeburg was so far below all the other Counties of the State that its justice to those other Counties, Orangeburg had to be raised as much as it was to equalize the taxes.

That it was impossible for the State Board to equalize the taxes in the Counties among individuals. That was the business of the County Board, who should have visited every man's place for that purpose, and if the County Board failed to do their duty his Excellency and State Auditor say they will correct it as far as they have the power, and the Governor further says he will recommend the Legislature to order another Assessment next year and he will try to get Assessors who will do their duty. Any further information wanted can be obtained by calling on either Dr. Keller, H. Riggs or

PAUL S. FELDER,  
Chairman of Committee.

### COMMERCIAL.
